

ALEX WOLFE - WARMAN

Publicity, Editorial & Commercial Photography

Price guidelines

I have compiled some guideline prices for my Commercial Photography services. I will always give clients a full breakdown of costs in my quotations and will explain all the available options that may best fit your requirements. Prices are valid as of October 2013. If you require a quotation or wish to discuss this further please call me on 01934 520002.

Photography

I provide a custom service that fits your needs. I supply digital images for commercial organizations throughout the UK and pride myself on not only supplying the files, but also any expertise you may need to get the best out of them. My state-of-the-art studio facilities and cinema viewing room in Worle High Street are available for Portrait, and Publicity Photography. Whatever your line of business I will create the right image for you. I also work on location either at your business premises or at a location agreed and approved that suits the brief.

Hourly rates

£75 per hour with a minimum of 1 hour.

Expenses

Car travel is charged on a mileage basis at £0.40 per mile. Overseas travel is by special arrangement but travel costs, accommodation and expenses ie car hire, toll charges, meals etc are covered by the client at cost.

Your photographs

I supply all images in digital form on professionally printed and produced CDs, DVDs and sometimes in deadline situations by e-mail. Small JPEGs are supplied for proofing purposes, I will then supply high resolution files at a 'print ready' resolution of 300dpi, printable up to 12" x 8". I also keep a copy on my system for archival purposes. If any creative or specialist image manipulation is needed, this is booked prior to arrangement and depends on the type of work undertaken. It is charged on an hourly basis of £60 per hour.

Usage rights

I will invite you to view the images in my cinema viewing room. If this is not possible I will supply all images as small JPEG proof files. Once you have decided which images you wish to keep, the raw files are re-processed, colour corrected, cropped and supplied to you as fully finished print ready files to your exact specifications. These images are yours to keep and use, on a full rights basis, how and when you wish, with no extra charge. Finished digital files will be released to the client on receipt of the full invoice amount paid by BACS to Alex Wolfe-Warman.

Price for digital files

1 photograph	£75
2-5 photographs	£50 each
6-10 photographs	£40 each
11-20 photographs	£35 each
